Customized Solutions for EMEA and Beyond

As a world business hub, Europe, Middle East, and Africa (EMEA) is a cornerstone of the global CX industry. The region's well-developed infrastructure, grounded in information security and privacy regulations in accordance with EU legislation, has made it a perfect destination for scalable, multilingual support. Europe, Middle East, and Africa are ideal for creating BPO solutions that address everything from digital CX support to multi-language needs through customizable delivery options that support your customers in almost every language.

Alorica's EMEA sites offer unique delivery options like work-at-home, hybrid, and brick-and-mortar, available across multiple countries. And with a strong infrastructure that allows for tailored delivery as part of a unique business continuity planning approach, you can reduce risks with a workforce that can scale at a moment's notice.

With superior CX solutions, you can diversify your business at scale with a customized approach that works for you—and your customers. Plus, with operations in countries like Bulgaria, South Africa and Egypt, we're exactly where you need us to be.

Alorica Egypt: One-Stop Shop for Exceptional CX

Egypt has been an established player in the BPO space for more than 20 years, supported by sustained government investment in IT and call center infrastructure. As one of the fastest growing offshore BPO markets, Egypt boasts a scalable, highly-skilled, cost-competitive, and educated workforce. Home to the largest and youngest multilingual workforce in the Middle East, Alorica Egypt offers 17+ languages at scale, making this a unique hub for multilingual support. Egypt's time zone ensures alignment with key markets in Europe, allowing us to provide extended business hours and real-time support, improving client satisfaction and response times.

Alorica Poland: A Proven Multilingual Hub

Over 435,000 people are currently employed in the BPO sector in Poland, with the Polish BPO market projected to reach US\$3.69 billion in the next 4 years. Poland continues to be a strategic location for delivering exceptional multilingual customer experiences, with our team providing scalable, cost-effective support across a wide range of languages, including English, Polish, French, German, Italian, Spanish, Russian, Turkish, Portuguese, and more. With a flexible delivery model and access to highly qualified talent, we help global brands meet evolving customer needs with speed and agility.

Alorica South Africa: Time to Unlock the Potential

South Africa is emerging as a leading BPO hub, with an impressive annual growth rate of 22% since 2017 and a projected workforce exceeding 500,000 by 2030. Boasting over 16.5 million English speakers, South Africa offers a robust talent pool, especially in Cape Town, known for its strong track record with global retailers and tech companies. The region is culturally aligned with U.S. and UK markets, providing exceptional customer care, tech support, and revenue generation services. Alorica South Africa sets itself apart with its swift talent acquisition, scalability, and internal growth, specifically with Customer Service and Tech talent.
